

### **Daimler Trucks North America, Inc.**

Property Building Management  
Daimler Campus, Swan Island, Portland, OR  
Daily Onsite

#### **FAST STATS:**

- Daimler Trucks North America, Inc. (DTNA) employs approximately 1,500 people locally in and around their corporate campus on Swan Island in Portland Oregon; with onsite campus and offsite buildings in Portland, they are one of Oregon's largest employers.
- Lile's Warehouse & Distribution division receives and stores all of Daimler's new and surplus furniture, along with other furnishing items at the Lile warehouse in Tualatin, OR. Daimler currently occupies approximately 7,000 square feet of dedicated warehouse space.
- Lile's office relocation crew handles daily facility operations and furniture distribution for the Daimler's Property Building Management group.

#### **Overview:**

Through a dedicated team in Lile's Office and Business Relocation division, Lile has provided facilities services for Daimler for over 15 years. Working closely with the Property Building Management team and other staff, Lile works hand in hand with Daimler to meet the furniture needs of the campus and its offsite locations.

Beginning in 1994, Lile was invited to perform various moving and installation tasks within the Swan Island campus. The daily crew has grown to a dedicated, 4-man operation that includes a full-time on-site Project Manager. The crew meets weekly with members of Daimler's architectural firm, Facilities Management Team, and various other campus vendors to insure that furniture moves and other related projects are completed timely and efficiently. This seamless teamwork has developed into a partnership that has resulted in multiple projects in recent years.

Lile is currently responsible for all office relocations, personnel moves, systems furniture delivery and configuration, as well as ergonomic adjustments and furniture repairs for Daimler's Portland offices. In addition, Lile's team of professional movers handles the relocation of personal computers and other office and IT related equipment. Working with Lile's Warehousing and Distribution division, all on site and off site inventory is tracked and managed including surplus and recycled equipment through Lile's web-based warehouse inventory management system. Through this partnership, Daimler receives the highest quality of service from a professional moving company.

Whether it is a small office move or a complex, multi-site, large office move with sensitive equipment, Lile's Office and Business Relocation services are your trusted source for on-time and on-budget move. Our job is to take care of your move so you can focus on your business.
